'the reality of when science goes wrong

may 24th, 2020 - wrong dead wrong in fact when science goes wrong twelve tales from the dark side of discovery by simon levay who is interesting all on his own check out his page proves that these things are still happening and it kind of freaked me out i should mention from the get go that the title can be interpreted in two ways one is that the science itself went wrong and the other is that science as a field has gone wrong'
